Report: WeRateDogs
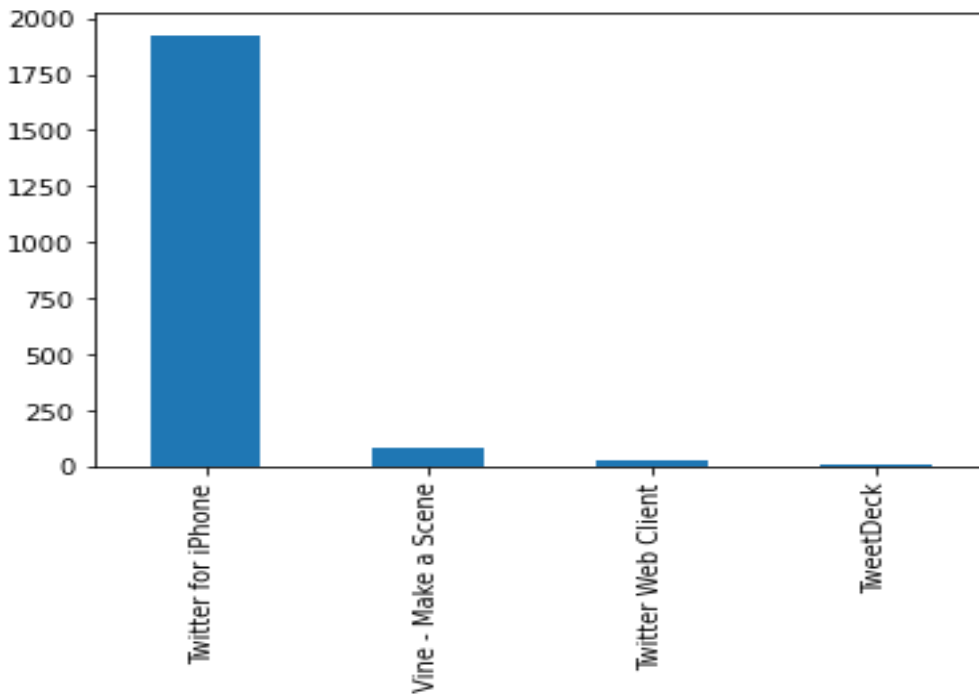

The greatest scheme ever plotted by man on dogs has to be the not so conventional rating on dogs by guys from @dog_rates club. If you need to sign up your dogs, just bark.

One thing that "barks" at us all is data. Every dataset is most likely to answer to the what, when, how and why questions. The data gathered from @dog_rates club does not differ from that plot. Like every other data set, it has answers. I scrutinized it courtesy of Udacity. From the tweet archives, I was able to gain insight on the following questions such as:

- ➢ What medium were mostly used to send tweets?
- ➢ Which of the dog breeds were more and how many breeds were recorded?
- ➢ What was the rate of response to the poll between 2015 and 2017?

From the variety of sources upon which tweets and uploads like dogosaurus on my right were made, the data showed that most persons accessed twitter through; Twitter for iPhone, Twitter Web Client, Vine - Make a Scene, TweetDeck. The plot below shows the main source of communication with the tweet handle.

The dog breeds were also not left out as they were about 115 breeds which includes;

Chihuahua, Labrador retriever, basset, Chesapeake_Bay_retriever, Appenzeller, Pomeranian, Irish terrier, Pembroke, Samoyed, French bulldog, golden retriever, whippet, Siberian husky, Mexican hairless, kuvasz, pug, Blenheim spaniel, nan, malamute, Italian greyhound, chow, German shepherd, Doberman, Eskimo_dog, Weimaraner, Saluki, German_short-haired_pointer, English springer, vizsla,Bloodhound, Bernese_mountain_dog, West_Highland_white_terrier, cocker spaniel, Flat-coated retriever, Cardigan, Shetland sheepdog, Komondor, kelpie, Greater_Swiss_Mountain_dog, Border collie, bullmastiff, Staffordshire bullterrier, Lakeland terrier, Bouvier_des_Flandres, Bedlington_terrier, Boston bull, Old_English_sheepdog, black-and-tan coonhound, Miniature pinscher, Great Dane, standard poodle, Yorkshire terrier, schipperke, Airedale, American_Staffordshire_terrier, giant_schnauzer, Dandie_Dinmont, Irish_water_spaniel, Afghan_hound, Brittany spaniel, Norwich terrier, Kleinberg, Border terrier, Great Pyrenees, Norwegian elkhound, Toy poodle, borzoi, soft-coated_wheaten_terrier, Rhodesian ridgeback, boxer, Pekinese, briar, collie, Rottweiler, English setter, cairn, malinois, Irish setter, Gordon setter, Welsh_springer_spaniel, Miniature schnauzer, curly-coated retriever, Tibetan mastiff, Dalmatian, miniature poodle, beagle, toy terrier, Norfolk terrier, wire-haired_fox_terrier, Saint Bernard, Clumber, Walker hound, silky terrier, Newfoundland, Papilloma, basenji, keeshond, redbone, Sussex spaniel, Blue tick, Shih-Tzu, Tibetan terrier, Ibizan_hound, Maltese dog, Lhasa, Australian terrier, groenendael, Scottish

deerhound, Scotch terrier, EntleBucher, Japanese spaniel, standard schnauzer, Brabancon_griffon, Irish wolfhound.

Finally, the data set could also tell the level of engagement with the poll from 2015 to 2017.

So, if you must rate your dog as the next coolest buddy, send a picture across and showing us why he's so cool. But first give this guy a warm rub.
